Stanhope firefighters donned breathing apparatus to enter a burning cottage on Maple Lake Saturday afternoon. The blaze gutted a cottage belonging to Don McFadden of Oshawa. It is believed that an overheated coffee percolator was responsible for the fire. Damage was estimated at \$30,000. There was no one in the building at the time of the blaze. (Second photo on page 14.)

Arson suspected in Pine Ridge blaze

Arson is suspected in a fire that destroyed the Pine Ridge Resort on Gull Lake early Thursday morning.

Ten people who were in the lodge when the fire began were forced to quickly evacuate the building.

A Mrs. Cavanan of Niagara Falls, a guest in the lodge, was slightly injured after falling on the fire escape during the evacuation. She was treated at Minden hospital and later released. Steve Lacey, a co-owner of the resort, was also treated for burns to his feet suffered while helping the guests flee the building.

The fire began shortly after 3:30 a.m.

Joanne Ecclestone wife of one of the lodge owners said later she saw the fire begin. Unable to sleep, she had been sitting in the living room of the house adjacent to the lodge when she saw a bright flash.

Thinking someone had shone a flashlight against the window, she looked outside and saw, "A small ball of fire in the left hand corner of the sun porch," below her.

"Suddenly," she said, "A streak of fire went along the floor of the screened porch then up the walls." She added, "It just shot across the middle of the floor. It was a patch about twelve inches wide."

Joanne immediately woke her husband Tom, then telephoned the operator who notified the Minden Fire Department. Tom Ecclestone raced to the lodge and ran through the building banging on doors and yelling to awaken the guests.

Already awakened by the fire alarms, Steve Lacey rushed through the lodge, alerting staff members and guests of the danger. Dennis Barzo of Windsor said later he had been awakened by Tom Ecclestone and told to get out of the building immediately. "I didn't have

time to pick up anything, so I lost everything I had in the room," he said. The fire spread so quickly, the whole front of the building was in flames when I was coming down the fire escape," he commented.

After the sudden evacuation, a head count was carried out to ensure no one was left in the lodge.

At about 3:50 a.m., the Minden firefighters arrived. Assured there was no one in the building, which was by then engulfed in flames, they set up two portable pumps, and, drawing water from the lake, began fighting the fire.

They were hampered in their efforts by the intense heat of the inferno in the main lodge. The heat was so intense that cars parked thirty feet from the front of the building burst into flames.

After extinguishing the flames on the exterior of the house, the firefighters entered the residence but were forced back by thick smoke.

Donning air packs to protect themselves from the toxic fumes and heat, the firefighters re-entered the building and after gaining access to the attic through a trap door, were able to extinguish the fire. The firefighters continued to fight the blaze in the main lodge for nearly four hours.

Deputy fire chief Don

Booth estimated damages to the lodge, residence and six automobiles at \$250,000.

The main lodge had undergone over \$70,000 in renovations over the past winter in preparation for the opening in June. Pine Ridge Resort has been a favourite vacation spot since being built in 1949.

Throughout Thursday morning, many cottagers on the lake and former guests at the resort stood silently staring at the smouldering ruins. Several older couples spoke fondly of past summers spent at the lodge and offered condolences to the present owners.

Joanne Ecclestone was among the many people saddened by the loss. "Steve and Tom put so much work into the building only to have this happen," she said. She added, "We can always start over. We can live with disaster as long as there were no lives lost. That is the most important thing."

An investigation is currently underway into the cause of the blaze by the Ontario Provincial Police and the Ontario Fire Marshall's Office.

Stanhope rejects freeze bylaw

Stanhope Township council has turned down a request to pass an interim control bylaw that would put a freeze on the development of a trailer park on Hall's Lake.

Council was asked to consider the freeze at a special meeting with a committee representing Hall's Lake ratepayers held on Wednesday, July 24.

The committee was formed after more than 40 residents of the lake met with council on July 10 to express their concerns over a proposed trailer park to be established on the north shore of Hall's Lake on property owned by Doctor Thomas Offen of Toronto.

At that meeting, the ratepayers were told the proposed development met all existing zoning requirements and consequently council had no intention of blocking the development. At the meeting on Wednesday, lawyer Carol Albert, acting on behalf of the ratepayers, told council her clients felt that before any further development occurred on the lake, a study

should be carried out to determine the effect on the area of increased road and boat traffic, noise, pollution and the park sewage disposal system.

Area residents were concerned she said, with the impact three to four hundred people would have on the lake after the completion of the park which would service from one hundred to one hundred and forty trailer sites.

The interim control bylaw put forward by the ratepayers prohibited the use of lands zoned seasonal commercial for the purposes of trailer camps or parks, mobile homes or dwellings, tourist establishments, or motorized home dwellings.

The lawyer noted the bylaw which was being submitted "in concept only" was meant to allow time to study the impact of the trailer park on the lake and reduce tensions which exist between the developer and other residents of the lake.

In response to the lawyer's presentation, Reeve Harry

(more on page 3)

Rotary ready for Carnival

Despite the threat of inclement weather, everything is "go" for the two day Minden Rotary Club's annual summer carnival today and tomorrow.

Carnival chairman Paul Sisson said Tuesday he was still optimistic about the weather, but he wanted individuals to know, "Rain or shine, the carnival will go ahead as planned." The chairman noted that many of the activities take place inside the Minden arena, out of the weather.

"People will still be able to come inside if it is raining to try the games of chance, enjoy the music and grab a bite to eat." He noted the admission to the arena and licenced Bavarian garden is free.

The chairman of the parade, which kicks off the event this evening at 6:30, Bob Austin said, "The word 'rain' is just not in my vocabulary. We are gearing up for a 6:30 start of the parade and hope to make it one of the biggest the county has ever seen. There are three marching bands coming and I have commitments from almost 65 individuals and businesses that they will be building floats for the parade."

Carnival chairman Paul Sisson said that in addition to the parade, games and dance inside the arena, a midway with rides and other games of chance will be operating outside the building. He noted the carnival will be in operation both Wednesday and Thursday evening from 6:30 to 1 a.m.

"Funds raised during the two days will help support Rotary Community projects," Paul added, "So I hope as many as possible will make an evening or two of it this week."

BILL PAYNE

REAL ESTATE LTD.

We've got the home, cottage, farm, lake shore lot or acreages for YOU!!

HOMES

SOUTH OF MINDEN: 3 bdrm., pure spring well, rustic fireplace, reasonable downp't, \$62,500. 80P

WEST GUILFORD AREA: 4 bdrm., 10 acre bush lot, large kitchen, deck, \$76,500. 70P

SOUTH OF MINDEN: 5 bdrm., 10 acres, family room, 3 bathrooms, landscaped lot, \$129,000. 188P

MINDEN: 3 bdrm., town water sewers, wood/oil heat, low down pay't., \$21,500. 130P

MINDEN: 4 bdrm., hardwood floors, town water/sewers, country kitchen, \$45,900. 161P

MINDEN: 4 bdrm. 700' x 700' lot, new garage, breakfast nook/dining room, \$64,500. 202P

HWY. 118: 100 acres & 2 bdrm. home, river on property, 1320' on #118, \$54,900. 49P

NORTH OF MINDEN: 3 bdrm., apple orchard, stream, wood/elect. heat, laundry room, \$42,500. 207P

SCOTCH LINE RD: 3 bdrm., 1 acre, full basement, rec room, laundry room, \$76,500. 221P

SOUTH OF MINDEN: 3 bdrm., cedar siding, large living room & family room, 2 car garage, 2 fireplaces, \$64,500. 229P

BOSHKUNG LAKE ROAD: 5 bdrm., modular home, block foundation, family room, \$49,500. 231K

LUTTERWORTH ESTATES: modular home on block basement, fully carpeted, large liv. room, \$49,900. 232P

MINDEN: 2 bdrm., excellent for retirement, fireplace, garden, workshed, \$31,500. 96P

COTTAGES

L. KENNISIS LAKE: 4 bdrm., 2 separate kitchen/living areas, yr. round, \$57,500. 108P

CARNARVON AREA: 100 acres, pond, fully equipped, 5 bdrm. home, \$85,000. 165P

MINDEN AREA: Century old farm house, large living room, family room, 25 acres, \$74,500. 215P

SCOTCH LINE ROAD: 100 acres, 1 1/2 storey, 2 bdrm. home, 40' x 60' barn, \$69,900. 162P

BUSINESSES

BUSY COTTAGE RESORT: 8 modern cottages and comfortable 3 bdrm. home with excellent sand beach and attractive grounds. A thriving year round operation.

SELF-CATERING FISHING RESORT: 9 cottages, 7 of which are winterized, 2 bdrm. home. Situated on one of Haliburton's best fishing lakes. Being sold fully equipped with Good Terms.

SERVICE STATION AND CAR DEALERSHIP: Good highway location with lots of potential. 4 bays and good sized showroom. Showing a good return.

BOWLING ALLEY: Snack Bar: located at main highway intersection on large property with excellent opportunity to expand into other businesses.

TAKE-OUT SNACK BAR: On Hwy. 35 Bypass at Minden. Good year-round building on town sewers. Priced to sell.

MARINA: Busy corner at Minden with large showroom, shop and ample Boat Storage. A chance to take over a going business at a very reasonable cost.

RETAIL ANTIQUE OUTLET: Shop, storage, display room and comfortable 2 bedroom living quarters with 300' of highway frontage. May be purchased with or without the substantial inventory.

LAKESHORE LOTS

L. KENNISIS LAKE: yr. round road, south exposure, sand shoreline, \$18,500. 117P

MOORE LAKE: 2 level lots, rt. of way to lake, \$7,500 & up. 31P

BEECH RIVER: 200' sand shoreline, \$18,500. 131P

BAT LAKE: Shallow shoreline, yr. round road, hydro, Bell, \$15,000. 157S

STORMY LAKE: 100' frontage, yr. round road, hydro, \$16,500. 90S

GULL RIVER: access to Green & Maple Lakes, \$11,900. 140P

DEEP BAY ROAD: flat lot, 168' on Gull River, access to Gull Lake, \$13,000. 40P

LONG LAKE: 550' x 101', sand shoreline, yr. round road, \$8,500. 197S

IRONDALE RIVER: 160' x 140' lot, excellent road, \$2,975. 194P

SOYER'S LAKE: 2 level lots, western exposure, \$19,900 & \$15,900. 233S

DENNA LAKE: 66' x 1500' lot, shallow shoreline, \$8,500. 214P

HAWK LAKE: 292' sand shoreline, site cleared, \$15,500. 122S

BUILDING LOTS

NEAR MINDEN: 3 lots, front on Hwy. 35, one with stream, \$4,900 each. 8P

MINDEN: commercial 200' x 100' lot, water/sewers, \$24,500. 176P

MINDEN: level, quiet area, municipal road, \$7,500. 42P

HALIBURTON AREA: wooded lot, entrance from twp. road, \$8,500. 136S

SOUTH LAKE ROAD: 206' x 316' lot, pond, hydro, shed, \$5,000. 151S

MINDEN: overlooking downtown, water/sewers, \$5,900. 177P

HALIBURTON: area of exclusive homes, near shopping/schools, \$8,500. 182P

DORSET: overlooking Trading Bay, mortgage avail., \$7,500. 175P

OVERLOOKING HALLS LAKE: 4 well treed lots, Hwy. 35, \$4,500 each. 192P

BUCKSLIDE ROAD: lot/cabin, 336' x 140' lot, year round road, driveway, \$5,500. 200P

NEAR TORY HILL: 100' x 303' lot with old cabin, \$3,000. 208S

NEAR LUTTERWORTH PINES: 41 acres, 432' frontage on paved rd., could be severed into 3 lots, \$30,000. 222K

MINDEN: close to shopping/school, water sewers available, \$7,900. 147P

ACREAGES

DRAG RIVER: 35 acres, 1300' on river, several acres reforested, \$25,500. 63P

BOB LAKE: 12 acres, 60' on lake, stream, \$14,500. 26P

SOUTH LAKE: 255 acres, some 80 yr. old maple, pond, excell. for subdividing, \$59,000. 66P

FURNACE FALLS RD.: 240 acres, 1 mile river frontage, stream, \$60,000. 18P

SIR SAM'S AREA: 900 acres, 17 lot Draft Plan, Bushwolf Lake, \$255,000. 183P

TENNYSON ROAD: 5 acres, well treed, mortgage available, \$11,900. 20P

SOYER'S LAKE: 15 acres, well treed, access to lake, stream, \$9,700. 187S

Council adopts sign bylaw

Haliburton County Council has adopted a comprehensive bylaw governing the size, type, condition and placement of signs, notices and advertising devices adjacent to county roads. The bylaw was passed at the regular meeting of council on Wednesday, July 17 and became effective immediately.

While the bylaw did not receive unanimous approval, there was no debate on the bylaw and no recorded vote was taken. Council has the authority under the Public Transportation and Highway Improvement Act to pass bylaws regulating the

erection of signs on or adjacent to county roads. As reported in the May 22 issue of The Times, the bylaw enforces policy 1317 which outlines restrictions on field advertising signs, point of sale signs, personal identification signs, real estate signs and signs carrying warnings such as No Hunting or No

Trespassing that are located within 100 metres (330 ft) of the road allowance. Signs were in place before the bylaw was passed that contravened the bylaw will be removed by the roads department within 90 days if they have not been removed by the owners. Any signs erected after

passage of the bylaw must meet the regulations outlined within 14 days of written notice from the roads department. All signs must be kept in proper repair and if the road authority determines the signs are not in proper repair the owner will be required to repair, repaint or remove them.

THE TIMES Page 3
The bylaw calls for fines of not less than \$25 per day and not more than \$1000 per day for anyone contravening the bylaw.
The County Road Committee may grant special permission specifying size and location for any signs not covered in policy 1317.

The Yard returns to Minden

Minden will once again ring with the sound of slapping running shoes as the fourteenth annual Heineken Yard footrace is held this coming Friday. The event has become one of the major attractions of the summer months in the area, drawing participants from throughout the province and beyond. The race is ideal for someone following a summer running program.

Because of the relatively short distance, 4.6 miles, the race represents a reasonable challenge, but is not too long for hot summer conditions. Race organizer and the person who has seen it grow from a two man challenge to an event which draws over 400 runners, is Ian Sainsbury. He noted that this year's race is being held in conjunction with Amstel Brewery, Brooks running shoes and AMICI, an

association of former summer campers who help raise funds to send underprivileged children to camp. The race starts at the Onondaga camp gate and finishes on Minden's Main Street by the Rockcliffe Tavern. Sainsbury has noted that during the hour runners will be coming into town, the Main Street from the bank corner to Vasey's will be closed to vehicular

traffic. There will only be one lane on the bridge as well. He pointed out that these arrangements have been made to ensure the safety of the runners and spectators alike. Assisting with traffic control will be staff from two camps in the Highlands, Kilcoo and Onondaga. The Minden Katimavik crew will also be assisting with crowd and traffic control. A feature added to last year's race will be back this summer. As the runners turn the corner off the Deep Bay Road onto Minden's Main Street, they will be greeted by the strains of the Highland Piper, Earl Cooper and his bagpipe. Standing at the bridge, he will help to give the runners

Council balks at bylaw

(from page 1)

Davis pointed out that the proposed interim control bylaw would affect 36 properties in the township that are zoned seasonal commercial and commented "If a study is carried out, I don't feel the townships should pay for it." Albert said all existing businesses on the lake could be exempt under the bylaw, adding her clients would be satisfied if the freeze only affected the property owned by Doctor Offen.

In response to a suggestion by Reeve Davis that by exempting existing businesses, the control bylaw would show prejudice against one property owner, the lawyer argued traffic considerations alone made the development in question a unique case and noted the Municipal Act allows for such site specific restrictions. "The goal of this bylaw is to allow time to study the lake before another establishment is put in," she said.

Councillor Ann Barker noted that even if existing tourist establishments were exempt, the bylaw could prevent those businesses from expanding. Bob Jennings, owner of Sandy Lane Resort, said the bylaw would "Put a clamp on everyone in the area."

The municipal planner, John McDermott of the firm Totten, Simms and Hubicki expressed concerns over the phrasing of the bylaw, calling it "A heavy handed piece of legislation." He suggested a proper sewage disposal system in the park could ensure a minimal impact on the environment and noted the recently constructed County Road 13 would reduce

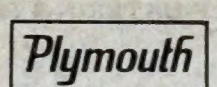

traffic through the built up area along the north shore of the lake. A study of all seasonal commercial properties in the township would be very costly and a "horrendous task" he said, adding, "What if the study shows there will be no impact on the area?" "What then?" He advised council not to pass the bylaw, but only to take it under consideration. Albert said she believed a study would show that the development would have a significant impact on the lake considering the increase in population density and the accompanying increase in boat traffic. If the study does show there would be no impact on the area, "People will accept it," she said, adding, council and ratepayers would work together to determine the scope of the study and the costs. Her assertion that the development would have an impact on the lake was supported by one committee member who noted growing concern over water quality. "There are things growing in the lake that never grew there before," he said, adding the proposed trailer

park would increase the population of the immediate area by fifty percent and "Could destroy the lake." Councillor Elvin Johnson suggested the ratepayers request an environmental study of the existing sewage systems on the lake by the Ministry of the Environment before any further studies be carried out. Reeve Davis said council, in discussing the proposed bylaw, would have to consider the "Social and economic impact on the area" particularly on the 36 other properties zoned seasonal commercial. Council's liability in passing the bylaw, the concerns of owners of seasonal commercial property, the terms of reference of the study including the costs and the funding of the study. "We will not pass any bylaw until we study all these factors," he said. He suggested the ratepayers' lawyer consult with the township's solicitor before any further action be taken. Albert said she would be satisfied if an interim control bylaw dealt only with the proposed trailer park and said she would be willing to work with the municipal solicitor.

Asking too much

While we agree with the concerns expressed by property owners on Halls Lake regarding the development of a 100 site trailer park, we think the group has gone too far in its recent presentation to the Stanhope municipal council. At a meeting July 24 the property owners demanded the council enact a bylaw to freeze all seasonal commercial development in the township. Retreating quickly from that position, the property owners narrowed their focus to just the property in question.

The property owners were seeking time to have studies carried out on the impact the large development will have, particularly on lake quality and traffic patterns. Both, of course, are sensible requests. Any development of this magnitude should not be allowed to proceed unless considerations are given to any possible detrimental effects.

However, these investigations should be carried out without the need to enact an onerous bylaw of dubious legality. The proposed development is taking place on properly zoned land and therefore the council would be stretching its authority to, at this point, pass a bylaw to halt any development. The municipality has various ways of slowing the implementation of the development to allow the necessary studies to be carried out. During that time as well, the council could construct some bridges of understanding between the developer and the area property owners.

As to who should pay the cost of the studies - there are any number of formulas. However, we favour a three-way split between the developer, property owners, and the municipality. All three will benefit from the knowledge gained in the study and with all three parties backing the investigation the results are more apt to be an unbiased report of the facts rather than a document financed by one side and designed to bury the other.

Summer in the Highlands

outdoors

Federation of Ontario Naturalists

Picture an insect nymph - a one inch tall teddy bear entombed underground for up to 17 years. Laboriously it tunnels about in its dark, dank, claustrophobic world, sucking tree-root juices as it slowly grows through the summer, then simply sits there all through the winter. Then comes a glorious summer day when our teddy bear, finally, tunnels to the surface, climbs onto a tree base and locks its claws onto the bark. Splitting its skin down the back, the living substance climbs out, moulding and unfurling itself into a completely different two inch long cigar. As an adult, that insect lives for only a few weeks - just long enough to mate, lay eggs - and then die.

Cicadas - or 'heat bugs' as they're more popularly known - include about 1000 species world-wide, but fewer than a dozen occur here. Each species has a different length of time underground - some as short as two years, others five or thirteen and others still about seventeen. An each has a slightly different song.

Periodical cicadas, like their name suggests, make an 'appearance' infrequently, about one summer in every five to seventeen; in intervening years, there are none. These enormous species - should you be lucky enough to see them - are blackish with reddish wing veins and eyes - five of them - two huge compound eyes and three smaller simple eyes on the forehead. Together these features make them a most ominous sight.

The cicadas which make their debut in numbers during late July and August - when their high-pitched buzz fills the air on sultry days - have a two to five year life cycle. But enough mature each year that we hear them every summer.

And hear them we do, for cicadas are drummers, equipped with two remarkable musical instruments; barely one quarter of an inch across, they can be heard a quarter or even half a mile away. Hidden beneath a plate on the middle of their body is a tiny hammer-like structure resembling a miniature version of the hammers in a piano. Operated by powerful muscles, the hammer pounds on a tightly stretched membrane - like a drum's 'skin'. A series of hollow, multiple chambers - each acting like the hollow box of a guitar, amplifies the sound which then emanates from a hole - again like a guitar.

The loud, often-pulsating buzz issues only from the male to attract females. The shrill singing on the hottest, most sultry days is no accident; nature has 'used' a particular weather con-

Editor:

I just finished reading Greg Pearson's account of his trip to Brazil. It was most interesting and I certainly commend him for his excellent account of a country we are not too familiar with. Perhaps if there was more understanding between our countries, there would be less trouble in the "Paradise" called Earth.

Muchas Gracias Greg.
Yvonne Guida,
Minden.

Editor:

As a member of the Haliburton Highlands Water

Levels Committee, I would like to respond to the criticisms of fellow member Phil Graham as reported in The Times of July 17, 1985.

The committee was first organized in 1977 in response to complaints by summer residents, lodges and marinas on the reservoir lakes in the County who were seriously affected by low water levels in late summer resulting from the draw-down of all such lakes in order to maintain navigation levels in the Trent Canal.

It was soon recognized that low levels in the fall resulted whenever lakes were not sufficiently filled in the spring, and we sought

the co-operation of the Trent-Severn Waterway engineers to have their first order of business each year to be to fill all lakes to 100% of capacity (with some specifically requested adjustments on certain lakes). It was also decided that the lakes could not be used for the dual purpose of providing storage space for flood control while storing enough water to assure satisfactory levels throughout the year.

Flooding in Minden is not the kind of flooding we were referring to as this could only happen due to excessive and unpredicted

Another great day in Stanhope

Ideal weather conditions once again helped to make the annual Stanhope Fun Day an interesting and exciting outing for children of all ages. The event was held Saturday at the Stanhope Community park and Firefighters hall on the North Shore Road.

A large contingent of youngsters were on hand throughout the day to take part in various races and events. As well, the adults enjoyed one of the largest craft shows yet mounted at the Fun Day with exhibitors from various parts of the province displaying their work in the community garage.

In the firehall, the trucks rolled out on to the tarmac and on display, the bingo aficionados were hunched over their cards as the caller kept the numbers coming.

Visitors to the day also got an opportunity to get a close hand look at the Ontario Provincial Police helicopter. It was parked on the playing field with a pilot in attendance. Nearby, the air rang with the steady clang of horseshoes as the playoffs continued throughout the day to decide the 1985 Fun Day Horseshoe champion.

The firemen demonstrated their firefighting technique by snuffing out a

car which had been purposely set ablaze. Later in the afternoon, a real test of their abilities occurred as the members of the brigade were called out to a conflagration on the shores of Maple Lake.

One of the big attractions of the day was the famous barbecued beef on a bun. The chefs toiled over the turning roasts, finishing them to perfection, then slicing them into succulent morsels. All the beef which had been prepared for the day had disappeared by 1 p.m.

Inside, children were being transformed into clowns as they had their faces decorated. In another corner, an artist was demonstrating the intricacies of airbrush art work,

tables in the centre of the hall were laden with baked goods.

During the afternoon, seniors were entertained at their own special tea. The Highland dancers performed a number of intricate steps for the audience.

Back on the playing field, the judging of the pet show was taking place with mutts of all sizes entered in the competition.

The day was completed with a dance in the evening.

Kay Johnson and friends at Stanhope Fun Day craft sale.

Another success and fun Stanhope Fun Day.

The following are the results of some of the events held during the day:

Horseshoes

First place - the team of John Phillips and Jim Wilson; Second place - the team of Ray Miscio and Dale St. John; third place - the team of Angelo Miscio and Tony Miscio.

Dog Show

First place finishers only:
Best dressed dog: presented by Tammy Harris and Andrea Leo.

rainfall, particularly if it occurred simultaneously with the two periods each year when the lakes were being filled up in the spring or drawn down in the fall.

Flooding in Minden occurs only when excess water cannot get out of the system as fast as it comes in. This is due to flow restraints in the Gull River south of Minden and is on our list of work necessary to be done in the future.

The computer Mr. Graham refers to, exercises absolutely no control over the system, but it stores, and immediately makes available to the water control engineer, all data necessary for him to make whatever adjustments he can to try to prevent flooding anywhere in the system.

The adjustments he can make include shutting off the outflow from lakes above Minden in an emergency. In the spring of 1983, this was done, which caused Twelve Mile and Boshkung lakes to rise to 120% of normal full for about two weeks. This represented about 1 1/2 feet of excess water in these two lakes. Despite this, Minden did get flooded that spring. He can

do little to increase the rate of outflow below Minden sufficient to prevent this flood.

In the fall of 1982, during the final draw-down of the storage lakes, (and at a time when there was plenty of storage space available in the lakes above Minden), heavy rain caused the river to overflow in Minden for the same reason as before. It simply could not get out and down the river fast enough to stay within its banks.

It should therefore be clear that Minden's problem is not going to be solved by holding flood storage space above the town. Also, we do not believe it fair to ask the residents of the storage lakes, who have purchased valuable waterfront properties, to give us some of their expensive facility when it is doubtful there would be any benefit to the residents of Minden.

Minden has already been declared a hazard area by the Province of Ontario and studies are underway to find the best solution to this problem.

We should wait and see what is recommended.

B. W. Robinson,
Boshkung Lake
R.R. 2, Minden

Editor:

Re. Stanhope Airport

Having become aware that there are many misunderstandings in the community regarding the proposed upgrading of the facilities of the Stanhope Airport, as Chairman of the Committee and Safety Officer of the Airport, I feel it is my duty, through the medium of your paper to set the record straight and allay the fears and misconceptions which have been promoted by a few persons with questionable motives, who are opposed to the improvements planned.

I will refute their arguments one by one by stating the true facts as follows:

1. **Argument:** That plans to improve the Airport have been kept a secret.

Fact: The Property Owners' Association which represents the residents of the area closest to the Airport have been made aware of the proceedings at all times, starting with the Plan of 1977, and have been kept up to date on present planning almost on a weekly basis.

2. **Argument:** It has been alleged that final plans have been "shoved down people's

throats" without consultation.

Fact: As stated in Item 1, the Maple & Beech Associations, together with other Associations in the Township, were presented with a copy of the Master Plan and cost estimates. They approved the plan and agreed that the initial work be started as soon as tenders could be invited locally, and contracts awarded.

3. **Argument:** All trees on private property adjacent to the Airport to be cut down and TV tower to be removed.

Fact: No trees on that property have to be cut, and the owner has been offered a free-standing tower replacement to be located elsewhere on his property in accordance with safety clearance requirements of the Ministry of Transport.

4. **Argument:** Runway to be extended (contrary to claims of the Committee and agreement of Council) from 1600 feet to 2650 feet.

Fact: When the Airport was first licenced, Officials of the M.O.T. measured everything very carefully, the result being a 1680 foot licenced runway with approaches of approximately 1000 feet, giving a total length of 2,680 feet. It has

always been available, and is used by most aircraft. Unfortunately, the clay belt at the far eastern end, coupled with a drainage problem there, has necessitated closing the runway each spring during the run-off period. I might say at this point that over the years the Committee members, with help from friendly neighbours, have worked hard to try to control the washouts and flooding by digging ditches, putting in culverts, etc., as well as trying to get grass to grow to control dust, but with little improvement. The proposed paving will correct all that.

5. **Argument:** Proposed beacon light will shine into windows for miles around.

Fact: The beacon will be mounted on top of either the building or a tower, pointing upward at 3 to 5 degrees angle, thus not affecting even the closest buildings.

6. **Argument:** The 40 to 50 thousand dollars it will cost the Township is not a justifiable expenditure.

Fact: Without paving, approximately the same amount would have to be spent over the next two to three years to maintain, improve, or repair damage to present facilities caused

by the aforementioned erosion, washouts, flooding, etc. This being an on-going problem.

7. **Argument:** Not justified to use Provincial and Federal money (which is also taxpayers' money) for the proposed plan.

Fact: Money is designated by Ontario and Ottawa for improvement of small airports. If Stanhope does not get it, some other Airport will. It is funding for airports and not to be used otherwise.

8. **Argument:** Runway to be extended to 4000 feet and Derek Rolfe to be hired as Airport Manager.

Fact: There is no such plan being thought of now or in the future. This rumour would appear to be a malicious fabrication intended to discredit Council and the Airport Committee.

9. **Argument:** More and larger aircraft will be coming in, causing more noise.

Fact: It is a proven fact that a paved runway reduces the take-off run by 10 to 15%. Thus aircraft will have attained a higher altitude before reaching built-up area. There will be no

(more on page 6)

letters letters

(from page 5)

significant change in the size of aircraft using a paved runway.

10. Argument: The up-graded airport is of no benefit to the Township.

Fact: The Airport is even now being used extensively by a number of important concerns - Hydro, Dept. of Transport, Ministry of Natural Resources, Ministry of the Environment. The OPP use it quite frequently in their duties. Aerial photography, mapping, surveying and especially search and rescue, are other important uses. The Airport is also an advantage for parents bringing their children to local camps, and for visiting them on weekends. It is also being used by 20 or 30 cottagers and permanent residents on a regular basis. The improved airport will provide a potential base for forest fire fighting aircraft; it will also make it possible to get to a disaster area quickly with help. It will be of use for an air ambulance, for military training, and in addition to have regular air service, sight-seeing, and charter flights. Stanhope is being "PUT ON THE MAP" by virtue of its Airport, and isn't that what Tourism is all about?

11. Argument: Why has

there not been financial support from other Townships or County?

Fact: For assistance from either group, Stanhope would have to give them some or all control over the operation of the airport. The Council and Associations are against this. That is why they prefer to seek financial help from Ontario and Ottawa. That way the Township remains independent, subject only to the regulations and requirements of the Departments of Transport.

12. Argument: It is argued that maintenance costs will be higher for paved facilities.

Fact: In fact the reverse is true. As stressed in Item 6, it is logical that it is cheaper to maintain a paved road or runway than for gravel or grass.

13. Argument: It is argued that the Airport is only being used by one or two local residents who are pilots.

Fact: As enumerated in Item 10, an ever increasing number of aircraft tie down at the airport each weekend, bringing visitors to enjoy the beautiful Haliburton countryside, or to take part in events of interest which may be going on; e.g. Carnivals, etc.. Real Estate agents also use the Airport quite often. Research has been done to "fit" this airport into our community.

I would like to point out that these are TRUE facts. The Committee and I have nothing to hide from the public. Over the years, and countless hours of hard work and giving up weekends and evenings at home, we have brought the Airport up from a very primitive beginning to what it is today, and what we envisage it may become.

Most everyone finds a cause wherein he or she can contribute to the betterment of their community, and the pleasure of its people. Ours has been, and is, the Airport. We feel proud, justifiably I think, of what has been accomplished. We have recently had a well drilled, paid for through the airport

budget and at 80% Provincial assistance. This well is providing, not only for airport use, but also serves the public year round with drinking water.

The grass-covered areas on the public side of the fence (which will remain grass after proposed improvements) are being used by groups and smaller parties for picnics on a frequent basis.

Our work has always been voluntary, none of us has ever asked or received payment. We have always enjoyed preparing the annual Fly-In and Air

Show, and it has been a satisfaction to us that people look forward to it and enjoy coming.

We have always had very good relations with successive Stanhope Councils, and we thank them for their co-operation in our efforts.

While this is rather a lengthy report, I trust it will help Stanhope residents to find a better evaluation of the Airport and the importance of its place in the community.

Derek Rolfe, Chairman
Stanhope Airport
Committee

ASK YOUR PHARMACIST

Car rides make me sick

"My five-year-old gets sick just at the thought of getting into a car. What can I do?"

Sometimes the tendency towards motion sickness can be reduced by looking straight ahead at the horizon line. For adults, this means sitting in the front seat and resting your head firmly against the back of your seat. The safest place for a young child is in the back seat of the car, but this makes it difficult for the child to see out the window. Try using a car seat or a booster seat, if the child is old enough, to give your child a clear view of the horizon.

If you are just taking a short trip, avoid feeding your child before you leave. For longer trips, offer frequent, small amounts of food and clear liquids. For example, Jell-O™, clear broths, salted crackers, ginger ale. Avoid milk and milk products.

Keep the car windows open if possible. Stop every two or three hours for fresh air and exercise.

In addition to these measures, you may find a non-prescription anti-nauseant product helpful. These products are antihistamines and tend to make people drowsy. A young child will, hopefully, fall asleep in the car.

Gravol and Dramamine are two anti-nauseants available at your local pharmacy. Both contain dimenhydrinate. Products of this type are available in tablet, liquid, and suppository form. Ask your pharmacist for help in determining the correct dosage form for your child.

Anti-nauseants should be given 30 to 60 minutes before you begin your trip. Should nausea and vomiting begin anyway, more oral medication will not be useful. However, in these cases, suppositories may be of some help to a sick child.

Many adults also suffer from motion sickness. In addition to the products recommended above, a relatively new product, Transderm-V, is available for adults. Transderm-V is not a tablet. It is a patch which is applied behind the ear at least 12 hours before the anti-nausea effect is required. This system allows the anti-nauseant to be absorbed through the skin and is very useful for long trips.

Any medication used to treat motion sickness causes drowsiness. A good rule is to avoid driving or any activity that requires you to be alert. Never use non-prescription anti-nauseants if you are pregnant.

Ask your pharmacist to help you choose an appropriate product for your needs.

Main Street - Minden - 286-1220

The burned out shells of two automobiles, above, and the extensive damage to an adjacent residence, left, background, offer mute evidence of the intensity of the fire which razed the main lodge at Pine Ridge Resort Thursday morning.

Outdoors (from page 4)

dition as the cue, to ensure that all cicadas seek each other simultaneously. This is vitally important when uncommon, active and small fliers are spread through a huge volume of air, meadows and forests.

Imagine a dozen or so two inch insects in the huge maze of a forest; it's vital not only that they be able to find each other, but also that they come together at the right time. By cueing to heat, they're all looking at the same time.

Mated, the female cicada begins egg laying, seeking out succulent twigs in which to insert her precious eggs. By first frost, both parents will be dead, while the eggs live on, awaiting the twig's harmless drop and hatching, when another cycle will begin afresh.

Unless you're prepared to go tree-climbing, you won't see cicadas very often. But listen for the song. And when it seems to be close to ground level, follow the sound back, toward its source. You'll occasionally see them on leaves; more often on branches and stems. The most now are mottled but the characteristic cigar-like outline and four large, cellophane-like wings folded flat over their backs, often give them away. Watch also for the abandoned "teddy bear" shells, left clinging to the base of poplar elm or other trees.

By listening and watching, you can discover another of nature's mysterious actors.

Man injured as machine rolls

A 36 year old Toronto resident was rushed to Sunnybrook Hospital early Sunday morning following an accident in Stanhope Township.

According to the Minden detachment of the Ontario Provincial Police, Michael Joseph Salyniuk of St. Clair Avenue West, Toronto, was southbound on the Stanhope Dump Road at about 12:05 a.m. when the ATC he was riding overturned.

When his friends grew worried over his lengthy absence, they drove to the scene of the accident and

found the victim lying face down in the ditch.

Salyniuk, who was not wearing a helmet at the time of the accident, was taken to

Minden Hospital after complaining of head pains.

After being examined in Minden he was rushed by ambulance to Ross

Memorial Hospital in Lindsay then transferred to Sunnybrook Hospital in Toronto where he underwent an emergency operation. His condition following the operation was listed as critical.

Minden Lake fun and games

Beginning at 2:00 p.m. on Saturday, July 20, the Minden Lake Ratepayers' Association held their first annual "Pot Luck Supper" at the Berry property on the shores of Minden lake.

Members with their guests, enjoyed various activities including horseshoe pitching, paddle boat races, lawn darts, tug-of-war, swimming and the count-in for the "Rock Bass Derby".

Although the north shore team was victorious in the tug-of-war, the better conditioned south shore will

try and beef-up for next year. The ladies' paddle boat race was won by Pat Kent and Susan van der Valk, while the junior award went to Manon Ste. Marie and Jennifer Hunt.

The horseshoe pitching proved to be a close, entertaining battle with Cyril Hunt and Rob Berry squeaking out a victory.

The champion of the "Rock Bass Derby" was Wesley van der Valk who caught 641 rock bass. His grandmother will be glad to have the use of her freezer again.

The "Pot Luck" meal was a banquet fit for royalty with three large tables overloaded with homemade specialties while three barbecues sizzled with hot dogs and hamburgers.

The approximately one hundred people in attendance

indicated their approval and the desire for a similar event to be held next year. At 12:30 a.m. the unofficial champion of "Name That Recording Artist," Roy Mann, decided to retire, the fire was doused and the festivities ended.

Ministry of Transportation and Communications

NOTICE TO EQUIPMENT OWNERS

The following equipment is required for winter maintenance during the 1985 - 86 and 1986 - 87 winter seasons.

Single Axle Trucks with Operator

Trucks with a minimum G.V.W. of 13,600 kg single axle, suitable for mounting 5 cubic yard, (4.2 cubic meter) power sander, are required at the following locations:

Tender No. 11-85-45 - 1985 - 86 Winter Season Only
One truck required at Parry Sound.

Tender No. 11-85-46 - 1985 - 86 and 1986 - 87 Winter Seasons

One truck required at each of the following locations: Emsdale, Dwight and Dorset. Two trucks required at Huntsville.

Tandem Axle Trucks with Operator

Trucks with a minimum G.V.W. of 20,400 kg tandem axle, suitable for mounting 8 cubic yard, (6.13 cubic meter) power sander, are required at the following locations:

Tender No. 11-85-47 - 1985 - 86 and 1986 - 87 Winter Seasons

One truck required at each of the following locations: Glen Orchard, Minden, Haliburton and Dunchurch. Two trucks required at each of the following locations: Mactier, Parry Sound and Gravenhurst.

Loaders without Operators

Tender No. 11-85-48 - 1985 - 86 and 1986 - 87 Winter Seasons

Front-end loaders, with suitable cab, on rubber tires, having a standard size bucket of at least 7/8 cu. yards (SAE rated), and a minimum operating weight of 13,000 lbs. The bucket width must be wider than the front wheels, but not to exceed 120 inches. The cutting edge clearance when the bucket is dumped at 45 degrees will be 9 feet, 10 inches minimum. (Extension arms added to loaders will not be accepted). The reach when the bucket is dumped with a 9 foot, 10 inch cutting edge clearance will be 2 feet, 4 inches ahead of the machine.

One loader will be required at Mactier, Parry Sound, Gravenhurst, Glen Orchard, Huntsville, Emsdale, Dwight, Dorset, Minden, Haliburton and Dunchurch.

Tender No. 11-85-49 - 1985 - 86 and 1986 - 87 Winter Seasons

One truck with a minimum G.V.W. of 13,600 kg single axle, suitable for mounting a 5 cubic yard, (4.2 cubic meter) power sander,

and

One front-end loader with suitable cab, on rubber tires, having a standard size bucket of at least 5/8 cubic yards (SAE rated). The bucket width must be wider than the front wheels, but not to exceed 86 inches, and a minimum operating weight of 10,000 lbs. The cutting edge clearance when the bucket is dumped with a 9 foot cutting edge clearance will be 2 feet, 4 inches ahead of the machine, and

One operator to operate both pieces of equipment. Above equipment and operator will be required at Patterson's Corners.

Sealed Rental Offers on forms supplied by the Ministry will be received by the District Engineer, Mr. D.A.O. White, until 1:30 p.m., on:

WEDNESDAY, SEPTEMBER 4, 1985

Specifications, Rental Offer forms and envelopes may be obtained in person or by mail from the District Office, 207 Main St. West, Huntsville, Ontario. P0A 1K0. Telephone (705) 789-2391.

The lowest or any tender not necessarily accepted.

Seniors tour Algonquin Park

by Katherine Hodgson
McMahon

On Wednesday, July 25 thirty-five older adults participated in a trip to The Frost Centre and Algonquin Park. Many thanks to our bus driver, Jack Fleming who volunteered his services to Haliburton County Home Support Ser-

vices Drop-In Centre for the trip.

At the Frost Centre a staff member led us on a tour of the campus and explained the history of the centre and the activities which visiting groups were involved in. We saw informative exhibits on wildlife, forestry, geology and snowshoe construction

and watched a short slide presentation on the centre. The Frost Centre, located on Highway 35, 12 km. south of Dorset, has something of interest for everyone and well worth a visit.

Algonquin Park was

Hustlers forced into final game

The Minden Rockcliffe Hustlers and Lindsay Kent Tavern Trojans played a home and home in the Tri-County Round Robin Play-offs.

In Minden last Wednesday night the Hustlers took a 1-0 lead in the third inning as Greg Newell slammed a home run over the centre

field fence. This lead held until the seventh inning when the Trojans bounced back with three runs in the top of the seventh to take the lead.

The Hustlers were held scoreless in the last of the seventh as Kent won with a final 3-1 score.

Newell took the loss for the Hustlers while Barry

Johnston was the winner for Lindsay.

On Monday night the Hustlers travelled to Lindsay to meet the Trojans again. Jack Snell was on the mound for the Rockcliffe squad, throwing a four hitter to shut Lindsay out.

The Hustlers picked up a run in the first inning on a triple by Rick Hartwick and

a sacrifice fly by Colin Newell. Then in the fifth inning Dave Hartwick slammed a home run to make the final score 2-0.

These were two five ball games so for fans who like fastball at its best, get out and support the local Hustlers this Wednesday night as they meet Lindsay

York Tavern in the final game of the round robin series.

Tournament

Don't forget to reserve the weekend of August 9, 10, 11 for the Rockcliffe Invitational Fastball Tournament at the Minden ball diamond. This promises to be a top

notch event with some quality ball teams. The Rockcliffe Hustlers will meet their old rivals, the West Guilford boys in the opener on Friday night at 7:00 p.m. This promises to be a class match.

More on the tournament and teams involved next week.

Haliburton versus Minden playoffs

As a result of games played last week in the ladies softball league, the Haliburton Juniors will be meeting the Minden Seniors in a 3 out of 5 final series.

Last week in the semi-finals the Minden Seniors won 2 games against the Minden Juniors. Both games were closely contested, with the Seniors winning 6 to 5 on Monday night and 9 to 5 on Tuesday night. The Juniors were aided by terrific pitching from Cheryl Dillon and her teammates including Werna Blakey and Wendy Davis helped make this series a close one.

The Senior team received some strong performances from Sue Pye, Barb Winn, and Rhonda Wilson. Nelda Cully and Anne Hewson pitched for the winners.

In Haliburton the two local teams began their play down on the Monday night also. The Haliburton Seniors started strongly and had the Juniors down 8 to 2 before the mighty bats of the Junior team came alive. Tracey Harrison came up

with a grand slam in the bottom of the sixth inning, which added to the 10 runs produced that inning. The final score was 12 to 8.

On Tuesday night the series continued in a late game which the Juniors won 16 to 6. Pam Iles and Marg Smith shared the mound for the Juniors while Betty Whiteway and Wendy Roberts pitched for the Seniors.

In other playdown action the Wilberforce and Gooderham teams met to begin a 3 out of 5 final series. One game was played last week

with Gooderham defeating Wilberforce 14 to 5. Eileen Simmons pitched well for the winners.

The finals between the Haliburton Juniors, and Minden Seniors started

Monday night in Haliburton. The Haliburton team won the first game 8-1. The other series between Gooderham and Wilberforce continues in Gooderham.

Mike Hatkoski, of Haliburton Dixie Lee and the Bracebridge Phoenix captain, appear to be on a collision course as they rush the ball during the game played Sunday in Minden. Haliburton blanked the visitors 2-0 to break their four game losing streak. Forward Mike Hatkoski scored both goals in his team's win to raise his season's total to seven.

Kickers break losing streak

The Haliburton Dixie Lee Soccer Club snapped a four game losing streak on Sunday blanking Bracebridge Phoenix 2 - 0 at the Archie Stouffer School in Minden.

The victory was the team's first win since June 16 and the first shutout of the season for goaltender Andy Shapiera.

The win followed a 3 - 0 loss to the first place Bracebridge Centennials on July 21 when Haliburton had to play shorthanded. In Sunday's game the visiting Bracebridge team was short a player, a factor that helped the Dixie Lee win.

The two teams in Sunday's game were without the services of a league referee but since neither team wished to forfeit the game, Haliburton player Brian Holden was asked to referee the game. Bracebridge had the advantage of a strong wind in the first half of the game but had few scoring opportunities in face of a strong Dixie Lee defence.

With the wind at their backs in the second half, Haliburton dominated the play. In the last 10 minutes of the game, the home team scored twice and narrowly missed on three other attempts that bounced off the uprights.

With ten minutes remaining, Mike Hatkoski scored on a difficult deflection from Tim Davies.

Five minutes later Mike scored again on a direct kick from out front. Mike is the leading scorer on the team, accounting for 7 of the team's 14 goals this season.

The Haliburton win was the club's fourth victory in

eleven games.

On Sunday, August 11, Haliburton will host Parry Sound. The game will be

played at the Haliburton Highlands Secondary School if the repairs to the playing field have been com-

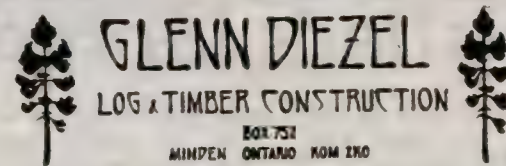

pleted. If the field is not ready the game will be held in Minden. Game time is 2 p.m.

CORPORATION OF THE TOWNSHIP OF STANHOPE PUBLIC NOTICE

TAKE NOTICE that the Council of the Municipal Corporation of the Township of Stanhope proposes to enact a by-law to stop-up, close and convey to the abutting property owners, those parts of the original allowance for road set out and described as follows:

FIRSTLY: All and Singular that certain parcel or tract of land and premises situate, lying and being in the Township of Stanhope in the County of Haliburton and being composed of part of the original allowance for road along the shore of Big Hawk Lake, lying in front of part of Lots 18 and 19 Concession XIV and being more particularly described as Part 1 on a Plan deposited in the Registry Office for the Registry Division of the County of Haliburton as Plan 19R 3212.

SECONDLY: All and Singular that certain parcel or tract of land and premises situate, lying and being in the Township of Stanhope in the County of Haliburton and being composed of part of Lots 18 and 19 Concession XIV designated as Road Allowance on Registered Plan 182 and being more particularly described as Part 4 on a Plan deposited in the Registry Office for the Registry Division of the County of Haliburton as Plan 19R 3212.

A COPY OF THE PLAN OF SURVEY as noted may be viewed at the Township of Stanhope Municipal Office during normal working hours.

THE PROPOSED BY-LAW will come before the said council for consideration at its regular meeting at the Municipal Office in the Township of Stanhope on the 7th day of August, 1985 at the hour of 11:30 a.m., and at that time, the Council will hear in person or by his counsel, solicitor or agent, any person who claims that his land will be prejudicially affected and who applies to be heard.

DATED: July 2, 1985.

Gerald C. Bain, A.M.C.T.,
Clerk of the Corporation of the
Township of Stanhope, R.R. 1,
Haliburton, Ontario KOM 1S0.

Funding available for programs

New application forms for the ministry of tourism and recreation's Wintario Development Program grants are now available. Community or provincial non-profit organizations which provide recreation programs in Ontario can apply for assistance.

"For the past ten years Wintario Development grants have been used to train recreation professionals and expand opportunities for recreation, particularly in remote communities," says John Eakins, minister of tourism and recreation. "This year's program builds on these achievements and has been expanded to place emphasis on projects for older adults and disabled individuals. Ontarians have more access to recreation because of the Wintario Development Program."

The Wintario Development Program has improved the quality of recreation

leadership by establishing training seminars that develop skilled leaders and has also helped recreation organizations run better operations by providing them with management and planning skills information.

Some of the many projects eligible for consideration include special promotion campaigns designed to attract participants, volunteer recruitment and training programs, organizational effectiveness studies, and start-up costs for new leagues or clubs. Special consideration is also given to projects that highlight opportunities for women and youth.

Applications are now being accepted by the ministry. Provincial recreation, sports and fitness organizations can apply to the appropriate program branch in Toronto. Community and area organizations can apply through the appropriate ministry of tourism and recreation regional office.

Mouthguard clinic planned for HHSS

A dentist's repair bill following a sports injury can cost \$100 to \$1000. In fact, the average bill for students enrolled with school accident insurance in this area last year was \$752.00!

Students are fortunate throughout this district in having High School Mouthguard Clinics every September. These are sponsored by the Health Unit Dental Services. Here, the best type of guard, the custom-made mouthguard is fitted for students at a cost of \$7.00.

Approximately 600 students take advantage of this service each year, with nearly 6500 custom-made mouthguards made since these clinics started in 1972.

Custom-made mouthguards are easier than other types of mouthguards to get accustomed to wearing. They are made individually from a cast of the upper teeth. So this type of guard fits precisely, is comfortable to wear, does not restrict breathing and with a little practice allows normal speech.

Talking about practice, did you know that more teeth are injured in practices than games!

The mouthguard clinic is scheduled for September 5 at 10 a.m. at Haliburton Highlands Secondary School. Clinics for Archie Stouffer Elementary School and J. D. Hodgson Elementary School will be held later in September.

Firemen battle flames and thick smoke as they attempt to quell a blaze Saturday on Maple Lake. The blaze destroyed the structure, leaving the cottage a blackened shell. No estimate of damage was available.

Weather spoils game

In contrast to their previous game on July 20 when the weather was hot and sunny, the game at Bracebridge on July 22 was played in a steady downpour throughout the first half along with strong winds.

The only goal of the first half was scored by the home team from a penalty kick awarded against Minden for a handling offence. Joey

Boyle in the Minden net, who played a strong game throughout, was unfortunate to only get a piece of the ball and was unable to prevent the goal.

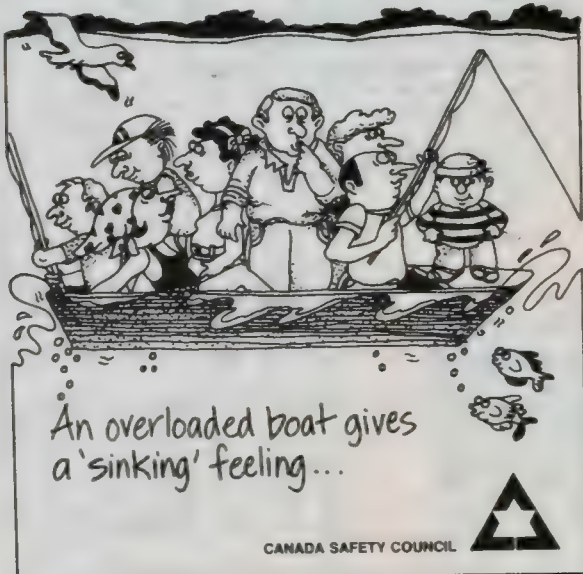

In the second half, with the wind at their backs, Bracebridge applied continual pressure, the Mohawks being limited to the occasional foray into the Bracebridge half of the field. The home team was award-

ed another penalty kick after a Minden player handled the ball but the shot went over the bar. During the second half the home team added 3 additional goals to finish with a 4 - 0 victory.

The Bracebridge team plays in the O.S.A. Muskoka League and the Mohawks put on a very spirited display and were by no means outclassed by the opposition, even employing the offside game on numerous occasions to their advantage.

On July 25 the team played away at Little Britain. Trailing 2 - 1 at the interval, Minden came on strongly in the second half and ran out 6 - 3 winners.

Derrick Moore notching a hat trick which included 2 goals scored from the penalty spot, Dean Sisson, Colin McKnight and Dereck Allison with singles for the Minden goals.

A gem of a fair

The region around Bancroft has been described as a prospector's nightmare and a collector's dream due to the wide variety of minerals that are found in the many deposits throughout the region.

One collector's handbook notes many of these deposits contain impurities such as crystals, much to the dismay of potential developers but to the delight of ardent collectors.

Each year hundreds of collectors from across Canada and the United States attend the Rockhound Gemboree in Bancroft, Canada's largest commercial mineral and gem fair.

While not as large as the event in Bancroft, the Wilberforce Rockhound fair, held this past weekend, is growing in popularity.

Throughout the three day event, there was a steady stream of visitors, rockhounds and the general public alike, passing through the Monmouth arena to watch faceting demonstrations, buy, sell and swap minerals, fossils and gems, take part in the silent auction and gaze in wonder at the many displays.

Included in the displays were exquisitely crafted jewellery, polished stones, ore samples, rockhound tools, fossilized shells, fish and sharks teeth and beautiful specimens of rare minerals and gems from sites around the world.

Besides such well-known gems as rubies, sapphires and topazes, there were samples of minerals bearing such exotic names as obsidian, hickoryite and flame agate.

In addition to the exhibits at the arena, field trips were organized to allow rockhounds an opportunity to explore a rockcut on the Harcourt road and the Dwyer Mine site. Samples collected on the field trips could be analyzed and identified by Dr. Donald "Digger" Gorman of the University of Toronto.

Joyce Durant, a member of the Burlington Gem and Mineral Club was kept busy throughout Saturday and Sunday faceting gems. Her own collection of minerals was on display in a glass case and featured more than a dozen beautiful specimens

Visitors to the Wilberforce Rockhound Fair pore over the vast array of mineral samples.

found in sites around the world.

As a child she had been fascinated by the colourful stones found on beaches. When she discovered others shared this fascination, she joined the Burlington club and has been a dedicated rockhound for the past eleven years.

Her daughter was also attracted to minerals so much in fact, that she went on to become a geologist. Joyce describes the hobby as "Both rewarding and fascinating."

Her more exotic specimens have been purchased from collectors at fairs such as the one held in Wilberforce and she also has discovered numerous samples on field trips throughout the province.

The most time-consuming aspect of her hobby is the cleaning and polishing of minerals. "You have to apply acid to the minerals to remove accumulations. I use muriatic, sulphuric and oxalic acid. It is important to know the hardness of the

mineral to know which acid to use so that you don't damage the specimen," she said. "The more you learn about minerals, the more you realize there is to learn," Joyce said.

Following the cleaning of the mineral, careful polishing brings out the texture and colours of the sample. What at first appeared to be dull rock, can turn into a dazzling blend of colours that rivals more precious gems.

Joyce plans to visit a site near Miner's Bay in August to search for Chrome Tremolite. The site is one of several in the Minden area

where minerals can be found.

In discussing previous field trips, Joyce noted, "It is amazing some of the places you find minerals. Of course it is mostly uphill."

Bert Hoyland of the Kawartha Rock and Fossil Club was supervising the silent auction when he heard the comment. He chuckled, then commented, "It may be uphill, but you do have the satisfaction of going down the other side."

An ardent collector for the past ten years, Bert considers the Bancroft region, "One of the best areas in the country for rockhounds."

He noted rockhounding is not only an enjoyable hobby, it can be financially rewarding. "I know of one fellow who goes to the area around Cobalt every year. He comes back with a large bag full of rocks containing silver. After melting them down, he can make enough money to pay for his trip and have some left over for the

next time," he said.

Seeing the many exhibits of minerals and gems at the Rockhound Fair, it is easy to understand why rockhounding, considered to be the world's oldest hobby, has attracted so many

followers. Combining healthy outdoor exercise with the thrill of discovering beautiful, rare specimens, the pastime appeals to people of all ages who enjoy searching for the "Wonders of the earth."

Wheels programs serve seniors

- by Donna Bailey -

Wheels to Meals is going strong in the county of Haliburton.

If you are a visitor to our area and are 55 years old plus and would like to meet with other people for a lovely dinner at noon at a cost of \$4.00 per person, plus have a nice social time

afterwards, please accept this as our invitation. Reservations are required. Please contact the convenor for the area two days in advance to have your name(s) put on their list.

- In Carnarvon, held at Reflections, alternate Tuesdays, contact Mildred Archer at 489-2408, next

one August 13.

- In Minden, held at The Fireside Restaurant, alternate Wednesdays, contact Muriel Proctor at 286-2733 or Nelda Yakely at 286-2872, next one August 14.

- In GILD (Gelert, Ingoldsby, Lochlin, Donald) held at the Fireside Restaurant, alternate Wednesdays, contact Bessie Burk at 286-1829, next one August 14.

In Kennis Lake held at the Backwoods Restaurant every Wednesday from spring until fall, contact Jim Wilkinson at 754-2409, next one August 7.

West Guilford will resume in September.

The Home Support office and the Drop-In Centre will be open on Monday, August

5 from 1 p.m. to 4 p.m. Regular office hours are in effect during the summer months - Monday to Friday 10 a.m. until 4 p.m. Hope you are enjoying your summer.

Did you know

by Bambi Gilder

Did you know ... that our office has a book that lists Ontario's Provincial Parks, hiking trails and campgrounds?

Whether you're roughing it in a tent or you're enjoying a trek in your trailer, you'll find a convenient place to camp in the area you choose. Listings are in alphabetical order by community and by name of establishment along with a campground index following the listings.

The seasons in Ontario are filled with thousands of things to see and do and our events books list shows, theatres, festivals, cultural and sporting events and special interests activities to be found all around the province. If you have a specific area in mind, the Ministry of Tourism and Recreation would be pleased to include your name free of charge on an "Enquiry List" whereby you would receive brochures, maps and information according to your requirements.

Please keep in mind that your County Information Centre is here to help people of all ages find solutions to problems regarding social, health, governmental and environmental subjects. Our office is open Monday through Friday, 10:00 a.m.

Call 286-1288 — 9 a.m. - 4 p.m.

The annual Red Cross Bazaar will be held in the Minden Main Street parkette on Saturday, August 3 from 10 a.m. to 3 p.m. You will find an excellent variety of handcrafted items - shop early for Christmas!

Also, make a point of visiting the giant flea market on Main Street, Kinmount on Saturday, August 3 from 10 a.m. All proceeds will go to the Civic Action committee.

Sunday, August 4 at 11:00 a.m. the Moore's Lake Cottage Association will be holding its annual meeting and beef roast (Moorefest). The meeting will take place at the Noble Motel, Highway 35 on Moore's Lake.

This tale is not in sequence
And I apologize
But when you rise at 6 a.m.
It's hard to synchronize.
Today the sky is azure blue
And all our spirits with it too.
Now here we are in Charlotte Town
Annie's home not far away
The one from Old Green Gables
Where tourists like to stay.
Last night we went to see a show
The name of it was Swing
The boys and girls upon the stage
Could surely dance and sing.
It was the Big Band era
With all the old time songs
That we could sure relate to
And silently sing along.
Today it is Green Gables
And then a lobster fest
Something I look forward to
Tastes better than the rest.
A restaurant at Cavendish, P.E.I.,
It is renowned for food,
It serves eight hundred trenchermen
With appetites to match
We polished off the hearty fare
And never left a scratch.
In Borden, there's that cloud again
As we approach our ferry
We're still so stuffed
From all that food
But we manage to be merry.
We're headed for Magnetic Hill
Situating in N.B.,
You think you're coming up, not down
An optical illusion, you see.
Hawkesbury, Nova Scotia
Greeted us with a frightening view
The Catholic church was all in flames
They only saved altar and pew.
Now on to Quebec City
La piece de resistance
Le Concorde is our abode,
We tour the narrow streets with guide
Where many feet have trod.
The scenic Plains of Abraham
Not far from the hotel
Where Wolfe and Montcalm fought and died
Our history tells it well.
We stopped at Wandlyn Inn
In lovely Fredrickton
And saw a dinner show with a lot of food
And fun for everyone.
We saw where Alexander Graham Bell invented,
Whose genius helped us much,
The telephone, the hearing aid,
The hydroplane and such.
Then regretfully we set out for home
We'd made a lot of friends
But all moments that are good, we know
Eventually end.
And as our bus rolled back t'ward home
Through mountains, crags and glen
A Scotsman's plea came back to me
Will ye no come back again?

"Bouquet to Youth". That is the theme of the sixth annual flower show which will be held in the Community Centre in Minden August 8 and 9. The show will be open to the public from 7 p.m. to 9:30 p.m. on August 8 with the official opening taking place at 7:45 p.m. The doors will open at 10 a.m. on August 9 until 4 p.m. and awards will be presented during that day. Door prizes and refreshments will be available and admission is adults \$1, children free.

Today we have pleasure in publishing part 2 of Yvonne Guida's poem on her Maritime adventures.

Winners at Club 35 card party on Monday were most lone hands - Alex Stevenson (at last) even if it was on a cut with Fern Donnelly, the high lady was Eleanor Smith while the high man was Lou Pennick. The door prize was awarded to Olive Daniels and other winners were Randy Walton, R. Redfern and Mabel Trodd. A special draw for a doll which was donated by Joke Sevink was won by Penny Mitchell. Congratulations all you winners.

Congratulations also to Charlena Warder of Minden who took part in the Ontario Inter Pony Club challenge show in Port Perry last Sunday. Charlena and her horse My Double Breeze obtained, 1st in Hunter over Fences; 3rd in Open Equitation; 4th in Individual Jumping championship and 5th in Equitation. They could have received more prizes but the horse unfortunately lose a couple of shoes and we are told that father, Joe, was a bit slow in coming to the rescue.

Sunday, August 4 at 7 p.m. the Glad Tidings Gospel Group is returning to Zion United Church in Carnarvon. The summer Sunday evening service which is usually held at 12 Mile Church will be held in Carnarvon while the group is there.

Joan and Tom Cappello from Rochester, New York are visiting with Bess and Fred Cox in Minden this week, enjoying the beautiful Haliburton Highlands.

Don't forget the movies for children every Thursday evening at the Minden Library/Cultural Centre from 7:15 to 8:15 p.m. Admission for the kids is free and it gives Moms and Dads a chance to check out the new books at the library while the youngsters are being entertained.

An Open House will be held at Minden Public Library on Wednesday, August 7 at 7:30 p.m. Refreshments will be served in the Common Room and presentations will be made to the young folks who took part in the Rolling Readers program over the summer.

Another prizewinning event at Minden Library this summer is a poster contest. The contest is in three sections, Grades 1 to 3, Grades 4 to 6 and Grades 7 and 8. The youngster has to draw a 15 x 15 inch picture entitled "What the library means to me." On the back of the picture, their name, grade and the name of the library to which he or she belongs, should be written. There are three prizes for each grade group, \$25 book value for first, \$20 book value for second and third prize is book value of \$15. All entries should be in your local library by September 13. Come on all you talented Highlanders, get out your paints or crayons and show the library what you can do.

So sorry to hear that Mrs. Mary Windover had a fall and is at present in hospital. Hope you get well soon Mrs. Windover and you will be back with your friends at Sunrise Apartments who miss you very much.

Word has been received of the sudden passing of Willard Knowles in Windsor. Many residents in our area will remember the Knowles family. They spent their summers at South Lake. Their first trip was in the summer of 1914 and they stayed with Mr. and Mrs. Howse. Later they built their own cottages. When Mr. Knowles Sr. retired, he built a home on North Water Street, now owned by Mr. and Mrs. Phil Graham. The community extends its sympathy to the family in the loss of a loving husband and father.

kid's korner

by Jean Lacey

Hi Kids!

Here is another puzzle for you with a word list. Look in the diagram of letters for the words given in the list. Find them by reading up, down, forward, backward and

diagonally. They are all in a straight line and do not skip letters. Circle the words in the diagram and cross it off in the list.

It's as easy as that. Have fun!

Yvonne

senior league

by Bert Harrison

Dear readers: I am starting this letter on the 20th day of July, to tell you what is happening here as the days go by.

Friday afternoon Grace Coburn came again to lead us in a sing a long, Florence Robinson came the music to play, then Florence and I played some harmonica and piano tunes to help entertain.

Mrs. Stutt's granddaughter Wendy came to call a couple of times. Mrs. Stutt's daughter Ruth is away on a trip to some foreign lands. How they travel nowadays - one day they're here and the next day far away.

Quite a lot of activity around here over the week-end. Some coming to visit sons or mothers, some coming to visit relatives and some to visit others. The ladies who live next door to me sometimes they are here, sometimes they are gone. They have a lovely wheelbarrow of roses outside their window, out upon the lawn.

Amelia Good has just celebrated her 91st birthday, congratulations we would like to say.

We see Bill Johnson around here about, taking is dear mother for a wheel-

chair ride all around the countryside.

The weather has been so cold and damp, it left us feeling blue, now we have nice sunny days, believe it or

not we are never satisfied. It is either too cold or else too hot. Do we ever stop and thank the good man up above for all His blessings and his gifts of love?

Our best wishes and prayers go to the Burgess family at this time, Rev. John has undergone surgery and is now back home and they say progressing fine. We're glad to have Rev. and Mrs. Brubacher. Tuesday morning Rev. John Phillips of Haliburton Anglican Church came down to us this lovely July day. He gave us a real interesting message to all who were there. He sang and played a couple of numbers, "You Gave Me Love", "When I Needed Prayer". We thank him for coming this lovely day, and Fred Ballard came, the music to play.

Doris showed us interesting movies Tuesday afternoon, three for good measure. "Adole and the Ponies of Ardmore", "Arctic Survival" and "Wilderness Treasure". Wednesday at noon we had a barbeque

right here at our back door. Our cook supplied us with lots of good food, with tea, coffee, and cold drinks, peach juice or lemonade. It was a lovely and sunny day, about 70 degrees in the shade. Then we were supplied with lots of ice cream. It was a lovely outing - it suited us like a dream.

Thursday afternoon the ladies of Our Lady of Fatima church, right here in Minden town, brought and served a lovely lunch, and did everything up brown. We also had a birthday party with a delicious birthday cake for those who had birthdays in the month of July. Doris Robertson and I

played them a few lively tunes, like "Coming Through The Rye".

Our youthful bingo callers came again Thursday night to call the bingo numbers and did the job just right. Sheldon Stevenson, Chantelle McKnight and cousin Arin too, most players enjoy the bingo games and it is something for them to do.

Doris is away so Fern Donnelly and Chantelle McKnight conducted fun and fitness Friday morning and did the job just right. We thank them for coming and putting on the show, they did a good job until it was time to go.

Be part of an active community when you retire.

The Anglican Parish - an active congregation

Young People's

A Young People's Society was first organized on October 30, 1900 when Rev. Fenning was Incumbent of St. Paul's, Minden.

The Society drew up its own Constitution and the meetings were held weekly in Delamere's Hall. This Hall being the upstairs of what was known as the S. W. Welch store and which was torn down earlier this year.

The first week of the month, the meeting would be a social; the second, a debate; the third, missionary theme and the fourth would be a business meeting. This organ-

ization continued until 1909.

During World War I another Young People's Club was organized but was short-lived 1915 - 1916.

During the Incumbency of Rev. R. R. Bonis 1931 - 1938 a Club was formed, known as The Fortnight Club, which met every two weeks in the Parish Hall, now known as the Masonic Hall.

The Club was open to all denominations but under the direction of St. Paul's. There was no age limit and many an interesting and entertaining evening was spent, so many taking part using their

Six members of the Anglican Young People's Association along with Rev. Eric Richards travelled to London to attend a conference in 1946. Before setting off in the cramped Ford, the group posed for this picture.

various talents to provide a good program of musicals, skits, monologues, recita-

tions, contests, etc. followed by lunch.

Later, a tennis club was formed, the court

being the lawn at the Clergy House.

A badminton club was formed and great competition was en-

joyed in the Parish Hall (Masonic Building) and carried on until that building was sold to the Masons.

During the stay of Rev. Eric Richards, 1945 - 47, an A.Y.P.A. (Anglican Young People's Association) was formed. Six members along with Rev. Richards drove to London, Ontario in his little old Ford car to attend the A.Y.P.A. Conference. Because of the cramped quarters in the car each had to take a turn at sitting on a wooden box behind one of the front seats. Apart from two flat tires they got there and back, all reporting to have had a most enjoyable time - and a great experience!

Prepared by Illa Cooper, Minden.

Women's Organizations

The Women have always been a tower of strength in the Church.

A Junior Auxiliary was formed in 1895 and which later joined with the Senior Auxiliary which began in 1899, at the time of Rev. James Fenning. This was directed through the Diocesan Board in Toronto, as still is the case.

It is known that the early pioneer women papered the Church with newspaper not only to brighten up the interior, but to cover the cracks to keep the cold out.

The women sent their first Mission Bale to Hay River in the far North West in 1900. During the years the women provided many gifts to the Church, a stained glass window in 1901, then a font, new pews as well as gifts of money to pay off the then existing debts.

The women down through the years have held "Quilting Bees" both for Mission Bales and also for the needy and for sale at their Bazaars.

For years the women held their meetings in the homes of the members. Later on for a number of years they met twice a month in the Old Library which was upstairs in the old "Echo" office (which burned when the east side of the Main Street was burned out) - the site now where Floyd Hall Insurance office stands.

Garden parties were held on the lawn at the Clergy House, later at the other Parish Hall. Tables laden with salads, ham, pies, etc. drew people to enjoy a great meal for perhaps 35¢ - and the few tourists at that time more than looked forward to this event. In the evening a concert would be held outdoors, to complete the day.

Great dinners were held in the fall prior to the presentation of a Three Act Play. Before the Parish Hall was acquired these suppers were held in the Old Orange Hall (situated across the road from where the Simpson - Sears office is now) and which burned down around 1932 or so. Sometimes the dinners were held in the Court House of the Old Town Hall.

Water had to be drawn for these dinners - and the food carried from the various homes (no cars then in the winter time). The women certainly worked under difficulties.

In 1967 the W.A. (Women's Auxiliary) across Canada changed their identity and became known as Anglican Church Women.

A Junior Auxiliary (J.A.) was formed in 1931, for girls 7 - 13 years of age and was directed by the Diocesan W.A. These girls learned about the Mission Work of our Church both in Canada and in other counties of Missionaries and were awarded certificates for

passing examinations, a pin for passing the third year. They were taught embroidery, to make quilts and quilting, home made candy, etc.

Later a Girl's Auxiliary (G.A.) was formed and was for teenagers, an extension of J.A. A great deal was learned about our Church, our Missions and our responsibilities as Church Women.

The Altar Guild was formed in 1947 for the purpose of Chancel Work, cleaning and preparing for the various services in the Church.

The Girl's Guild was begun in 1948 and continued until 1965. This was a Church Group but had no affiliation with the Diocesan Board in Toronto. Women of other denominations attended the meetings and events. They were very active in fund raising by catering, card parties, teas, etc., the proceeds of which were used to help in whatever was needed most at that time, Church or Parish Hall.

For a while the Church Women sponsored a Bowling League beginning in 1960 but when the local Bowling Alleys closed, the Women chose to form a Thursday Card party, rather than continue bowling, and so these Card Games are held each Thursday in the Parish Hall and are greatly enjoyed by many people.

MOYNES

FURNITURE WAREHOUSE

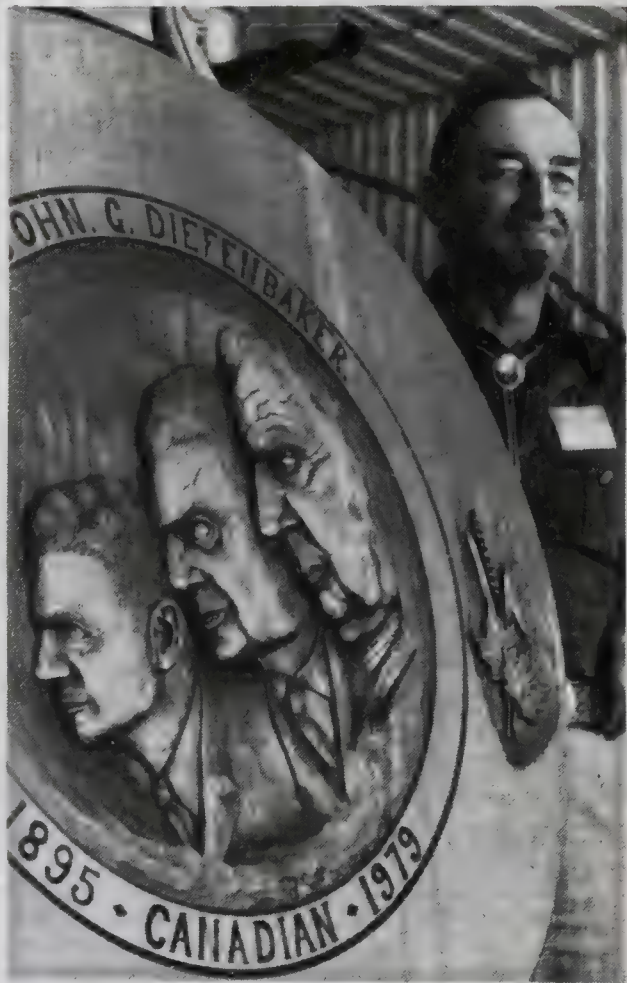

Carver honours P.M.

One of the more interesting displays at the Stanhope Fun Day Craft Show held Saturday was a selection of bas relief wood carvings executed by Basil Self. The Oxtongue Lake resident had a number of his larger pieces on display, including the large coffee table featuring three likenesses of former Prime Minister John Diefenbaker.

The table top was carved by Basil because he felt the former P.M. had an interesting profile. Interestingly, the youngest of the three images was done by viewing a photograph in a mirror. As Basil explained, the only photograph he could obtain of the Prime Minister at that age was one of the right side of his face. To have all the images facing in the same direction, he was forced to observe the photograph in a mirror.

The table top is a popular piece of work. The John George Diefenbaker Library in Saskatoon borrowed the carving for three years, displaying it proudly along with other memorabilia of the Prime Minister's years in office.

Self's display also included a number of other carvings of intricate detail and design. However, it was his rendering of the three profiles of John Diefenbaker which attracted the most attention during the craft show Saturday.

Basil Self with his bas relief carving of former Canadian Prime Minister John George Diefenbaker.

Seniors tour

(from page 10)

entered at the west gate and shortly after entering the Park we saw our first wildlife (a family of partridges crossing the highway!). An excellent lunch was enjoyed by all at the Canoe Lake Restaurant. It consisted of - cold sandwiches (homemade bread baked on the premises) choice of homemade soup or salad, beverage and fresh-baked pies.

After lunch, the Park Museum was visited. It contains exhibits of some of the park's fish, wildlife and geography. A theatre presentation told the story of the park's natural environment, geography, history and management.

Next stop was to view the Pioneer Logging Exhibit. Located just inside the east gate it portrays, through old photographs, slide show and pieces of equipment, the story of logging in this region, from early square timber days to the last of the great river drives. A recreated caboose and a steam-powered amphibious tug called an "alligator" are among the displays.

The group arrived in Haliburton via Whitney, Bancroft and Tory Hill in time for everyone to travel home for dinner.

Many thanks to Heather Clark, who joined us for the day with some members of the "Happy Gang" from Extencicare, for her help.

CARD OF THANKS

Debbie and Richard O'Connell would like to express their sincere thanks to everyone who helped to make their wedding day successful. Special thanks to the St. Paul's ACW, Minden Curling Club, Bill and Maggie Harrison, Joyce, Wendy and Bob Wiltshire, Uncle Harry, Grandma Pye and Mrs. C. Westhaver and Nancy Adamson.

To my family, relatives and friends, many thanks for the calls, cards and care packages and great repairs to a laid-up mummy. Special thanks to the gentleman who drove me home and to all medical staff concerned. Love,

Louise Weber

I wish to extend a special thank you to the Minden Hospital for flowers, the Ontario Hydro Social Club for a donation to the CAT Scan, and to my neighbours and friends for the beautiful cards, and messages of condolence on the death of my father, Mr. John Gillis.

IN MEMORIAM

WALKER: In loving memory of a dear son, Derek C.H. Walker who passed away August 5, 1978.

May the winds of love blow softly
On a quiet peaceful spot
Where the son we loved lies sleeping
And will never be forgot.

We have only your memory dear Derek
To remember our whole life through
But the sweetness will linger forever
As we treasure the image of you.

Sadly missed and never to be forgotten,

Mom and Dad
Jim and Sharon

sir sandford fleming college

ONTARIO CAREER ACTION PROGRAM SIR SANDFORD FLEMING COLLEGE

You the employer can participate in:

- * designing the training plan
- * selecting the final trainee
- * providing appropriate instruction and learning environment
- * appraising and discussing work experience
- * providing feed back and attendance reports

We the College:

- * pay the trainee \$100 weekly gross stipend for up to 16 weeks of training
- * assist in designing the training plan
- * supervise final selection of trainees
- * monitor training
- * act as a link between the employer and central co-ordinating unit.

Continuous Learning Centre
Sir Sandford Fleming College, Box 339, Haliburton, Ontario K0M 1S0 (705) 457-1680.
Contact: Susan Little

Bill Hirstwood General Contracting
